Transportation System Goals

RCW [47.04.280](#)

Transportation system policy goals.

(1) It is the intent of the legislature to establish policy goals for the planning, operation, performance of, and investment in, the state's transportation system. Public investments in transportation should support achievement of these policy goals:

- (a) **Preservation:** To maintain, preserve, and extend the life and utility of prior investments in transportation systems and services, including the state ferry system;
- (b) **Safety:** To provide for and improve the safety and security of transportation customers and the transportation system;
- (c) **Stewardship:** To continuously improve the quality, effectiveness, resilience, and efficiency of the transportation system;
- (d) **Mobility:** To improve the predictable movement of goods and people throughout Washington state, including congestion relief and improved freight mobility;
- (e) **Economic vitality:** To promote and develop transportation systems that stimulate, support, and enhance the movement of people and goods to ensure a prosperous economy; and
- (f) **Environment:** To enhance Washington's quality of life through transportation investments that promote energy conservation, enhance healthy communities, and protect the environment.

(2) The powers, duties, and functions of state transportation agencies must be performed in a manner consistent with the policy goals set forth in subsection (1) of this section with preservation and safety being priorities.

(3) These policy goals are intended to be the basis for establishing detailed and measurable objectives and related performance measures.

City of Fife, I-5 Port of Tacoma – Phase 2

City of Fife, I-5 Port of Tacoma – Phase 2

- Current estimate: \$35,361,000. FMSIB Grant (2010): \$7,533,000 (21.3%)
- 2020 FMSIB presentation requested deferral of 54th Ave I/C - Phase 2 but retaining POT I/C - Phase 2.
- Three federal grant applications to date. Did not get BUILD, did not get INFRA, but on the INFRA Extra list (*"We like your project, and we'd like to offer you a low interest loan"*).
- Design is at 50%. ROW progressing well, currently own I-5 Motors.
- RAISE application is pending and announcements are expected Nov. Grant request is \$25m, and it is 100% of all project elements (excluding 20th Ave. Improvements). "Equity" points for reconnecting communities, investing in low-income housing, adding ADA access across the freeway.
